Date	23/06/2022
Video Link	https://youtu.be/8PAn6xSKW8o

Agenda Item	Discussion	Next Steps <i>(Include who and when)</i>
How can we improve the way our team works together?	<ul style="list-style-type: none"> Keep each other updated by using WhatsApp, discord for online meeting and keep follow the assigned Kanban Board. 	<ul style="list-style-type: none"> Syafiq to update the Kanban board on schedule.
Let's review how we're tracking against goals	<ul style="list-style-type: none"> Increased meeting frequency decreased as team members understood their part and only come to meeting when any difficulty is faced Project progress is on schedule Next week's focus is on Sprint 4 	<ul style="list-style-type: none"> Shafi checks everything over if all the commits are done. Yusuf to update GitHub repository and push tag to final commit before deadline of Sprint 3.
Blockers	<ul style="list-style-type: none"> Tamim reviews all the errors when the all the code is put together. All the errors are fixed accordingly. 	<ul style="list-style-type: none"> Tamim discuss with Shafi about the how to fix the errors found in the code. Yusuf builds and runs the apk to check if there is any connection error with the firebase
Wins	<ul style="list-style-type: none"> Sprint 3 is successfully completed. Project goes live on GitHub!
